

13 November 2018

Dear Parents and Carers,

Today the school implemented its lockdown procedures. This was as a precaution, so that we could safely manage an incident involving one student. There was no wider risk to the student or staff community, and there was no involvement of third parties.

I am pleased to say that our processes were implemented effectively, and thank staff and students for their sensible cooperation today.

Yours sincerely,

Mr M Antram
Headteacher
