

Dear Parents/Carers,

As you are aware, our Year 11 students are already working hard towards their Mathematics GCSE examinations on 24th May, 7th and 12th June 2018.

As a school we have the facility to place orders for revision guides and buy in bulk to reduce the cost. The Collins GCSE Maths 9-1 Revision Foundation All-in-One Revision and Practice guides will be £4 each (£10.99 RRP).

If you wish to purchase a revision guide and/or work book all orders must be placed before **Wednesday 18th October 2017**. Orders must be accompanied with the correct payment. Where possible please make payment using the school's Wisepay system.

As a department we subscribe to the website MyMaths which allows students access to online tutorials and worksheets on all areas of mathematics. If students complete one booster pack per week, it will take them up to their June examination. Students are welcome to use the computers at school in Homework club or lunch times.

Finally, Maths revision for all students will take place on a Monday from 3:15pm to 4:15pm within the department.
