

7<sup>th</sup> December 2017

Dear Parents and Carers,

I am writing to inform you as to how your son/daughter will receive the results of their recent PPE examinations.

As part of our PPE process, we will be holding a results session for Year 11 students on Thursday 14<sup>th</sup> December. During this session, students will receive their PPE results in a similar format to how they will receive their results from their final examinations in August. They will receive an envelope which contains the PPE grades which they have achieved in the exams which they sat for their respective subjects, as well as their predicted grade for each of their subjects from their teachers.

We believe that this process will be of benefit to the students, allowing them to experience the collection of their results in a process which they will not have encountered before. These results will then be used to ensure effective intervention is put into place for each student to reach their target grades in their summer exams.

I would also like to take this opportunity to thank you for your ongoing support and I look forward to seeing you at Year 11 parents evening on Thursday 11th January.
