GENERAL INFORMATION

Uniform

- We expect support from parents and carers with regard to school uniform so that our students are a credit to themselves, their families and the school.
- The purpose of our students' uniform code is to encourage a smart appearance which also promotes a feeling of pride and self-respect.
- We enforce our expectations with all students so that they experience consistency.
- The code is designed to be in keeping with an atmosphere in school which is focused on learning.
- It also gives due consideration to the health and safety of our students.
- Students represent the school beyond our school gates, and are covered by the behaviour policy travelling to and from school.
- If a student is unable to wear full uniform on a particular day, this must be covered by a note from a parent or carer, and corrected uniform will be expected on the following day.
- Students not wearing the correct uniform send out a signal to other students that uniform is not important. We may isolate a student who does not comply with our school uniform policy without good reason.
- Any temporary requests for variation to normal uniform on medical grounds must be supported by medical evidence, such as a Doctor's note.
- Students are expected to wear full school uniform throughout the school year and to replace items outgrown immediately.

The Uniform Code forms part of the Home-School Agreement, and adherence to the code is essential to achieve the following aims:-

- 1 Achieve a clear and positive identity for the school and its students.
- 2 Give an indication that we are a well-ordered and disciplined school that sets **high standards** in all matters.
- 3 Ensure students are in full uniform **in school and on the way to and from school.**
- 4 Provide practical but **smart** and 'business like' clothing suitable both for use within school and for movement around our site.
- 5 Help parents and carers by requiring reasonably priced school wear which protects the students from pressure to conform to the whims of fashion.

- The school will make the final decision on any item considered unsuitable.

Summer Uniform

During warmer weather, the school still has high expectations of students to be wearing the correct uniform.

When the school determines that the weather is too warm to wear full uniform during the day, students will be permitted to remove their blazers by staff. Blazers should continue to be brought to school so that full uniform can be resumed if the weather changes. In very hot weather, the school may relax uniform expectations further.
