

6th July 2017

Year 7 Baseline Assessment Tests

Dear Parents and Carers,

I wrote to you in September to outline the series of baseline tests that we use in order to support the information we received from primary schools and help us plan a challenging curriculum for all students.

Part of these tests included baseline assessments in English and Maths and as we move in to the final stage of the year we will be repeating these tests in order to measure the progress students have made in these areas. This does not involve the same number of tests as the beginning of the year and nor is it something students need to revise or prepare for.

During the week of 10th – 14th July all students will complete two assessments, one of English and one of Maths. They are completed in ICT suites on computers and we would ask students to bring in a pair of headphones as they need to listen to instructions using these, although spare pairs will be available for any students who don't have them.

If you have any questions regarding these assessments do feel free to contact me.

Yours sincerely,

Mr Chris Farrow

Assistant Headteacher
